EXPO & CONGRESS
3 4 5 JUN 2025

Vigo Porriño

A beautiful and vibrant city with unparalleled landscapes. The largest city in Galicia, located on the Atlantic coast, will surprise you with its beauty, its history, its culture and its gastronomy. Known for its wonderful location, it combines in a single city, from the most incredible beaches for their waters, to endless wooded areas very common in the Atlantic granite areas.

The Quarries

Less than 15 min from the Expo venue, you start to find granite quarries of the most known materials, and so on until you reach 200 km away.

Also the region of Valdeorras, 2 hours away by highway or road, is the European capital of Slate. In its impressive quarries, the history of a mining industry that dates back to Roman times is drawn.

Galicia

Millennial kingdom of the northwest of the Iberian peninsula, land of stone in itself, land of contrasts where you can find mountain ranges, endless meadows and a unique coast full of beaches and cliffs, where the sea and the mountain meet creating the perfect place of flourishing of a marine wealth that is transferred to an unparalleled and delicious gastronomy, in communion with wines of exclusive palate difficult to find in the rest of the world.

Its capital Santiago de Compostela is, one of the three great pilgrimage cities of Christianity along with ROME and JERUSALEM. Monumental city and heritage of humanity, it is undoubtedly a unique and incomparable destination.
