BIG 5 Global

Where the Built World Connects

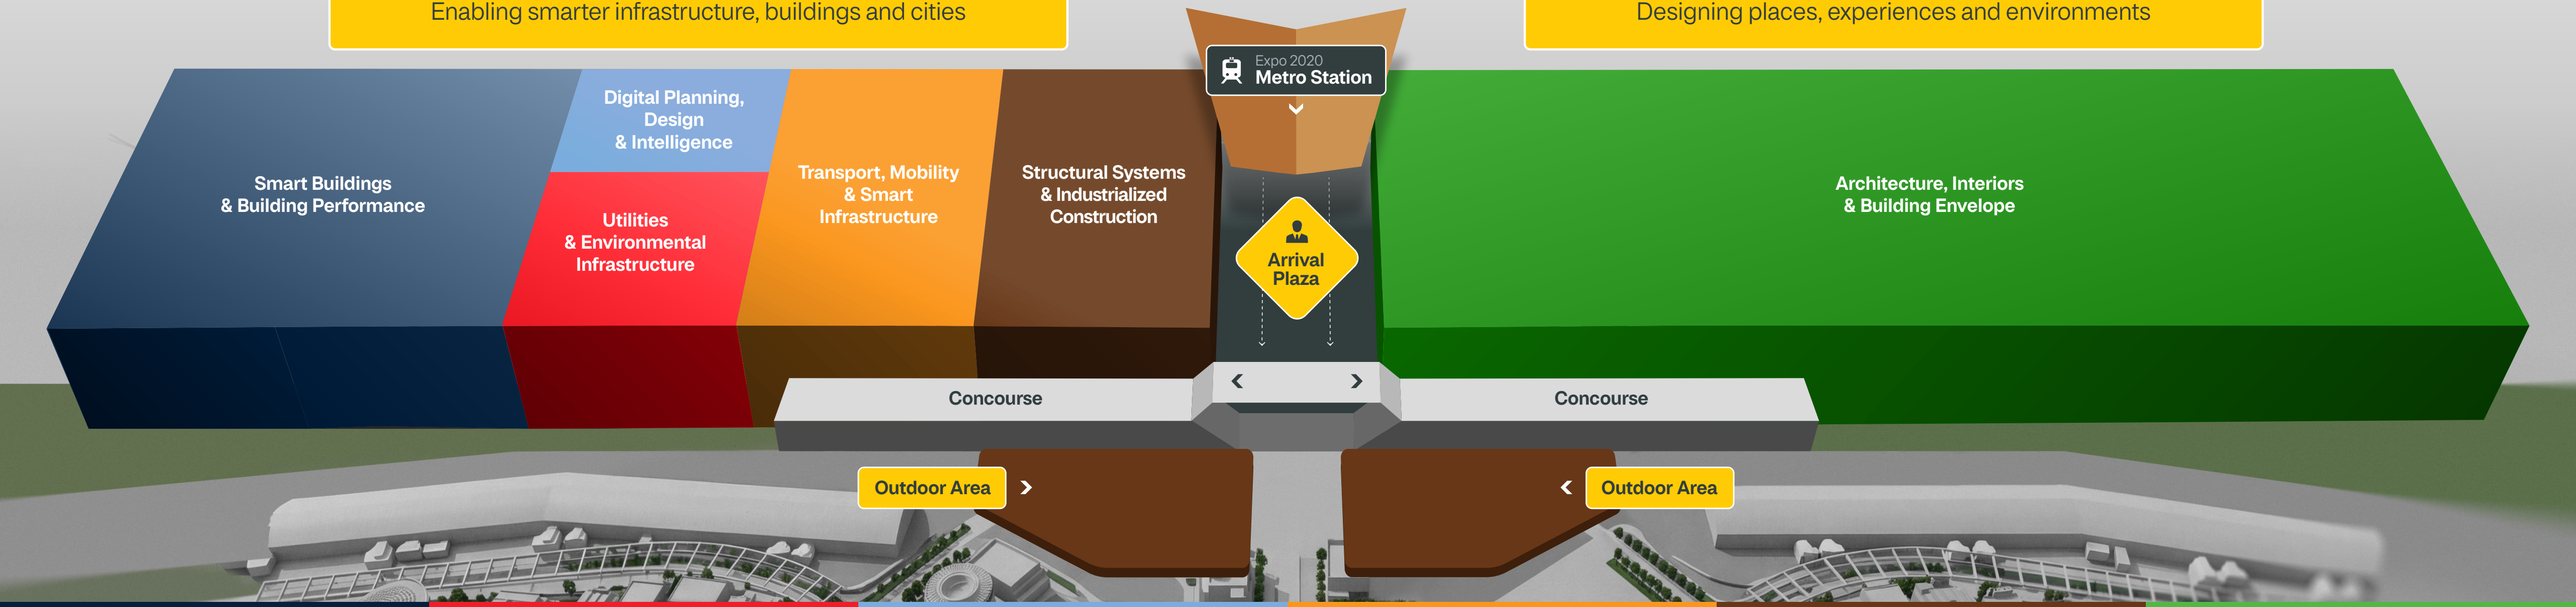

22 – 25 November 2027
Dubai Exhibition Centre, Expo City

South Hall «

Urban Futures District
Enabling smarter infrastructure, buildings and cities

North Hall »

Built Spaces District
Designing places, experiences and environments

Smart Buildings & Building Performance

- Facility Management
- Heating, Ventilation, Air Conditioning & Refrigeration (HVACR)
- Intelligent Buildings
- Mechanical, Electrical & Plumbing (MEP)

Utilities & Environmental Infrastructure

- Power Infrastructure
- Solar Products, Technology & Services
- Waste & Environmental Infrastructure
- Water Infrastructure

Digital Planning, Design & Intelligence

- Digital Construction
- Digital Infrastructure
- Geospatial Technology and Services

Transport, Mobility & Smart Infrastructure

- Heavy Construction, Plant, Machinery & Vehicles
- Road Infrastructure
- Smart City Technology

Structural Systems & Industrialized Construction

- Concrete & Cement
- Construction Tools & PPE
- Heavy Construction, Plant, Machinery & Vehicles
- Metal, Steel & Aluminum
- Offsite & Modular Construction
- Special Construction

Architecture, Interiors & Building Envelope

- Building Envelope
- Building Interiors & Finishes
- Glass & Glazing Systems
- Marble & Stone
- Urban Design & Landscape
- Windows, Doors & Facades
