

SYDNEY BUILD EXPO 2027

Why Italian Marble & Suppliers Should Exhibit

JOIN US

Australia presents a strong opportunity for Italian stone producers, machinery manufacturers and processing technology suppliers. Demand for premium natural stone is supported by major commercial, residential and infrastructure projects across Sydney, Melbourne, Brisbane and Perth.

KEY AUSTRALIA REGIONS

New South Wales

- Major commercial towers, luxury residential projects, hospitality and public infrastructure.

Victoria

- Strong architectural and design community; high specification projects.

Queensland

- Large residential growth and tourism developments.

Western Australia

- Mining wealth supports premium residential and commercial demand.

MARKET HIGHLIGHTS

- Australia's building stone market was valued at approximately US\$1.9B in 2024 with long-term growth forecasts to 2035.
- Italy is one of Australia's leading suppliers of imported marble and premium stone products.
- The engineered stone ban has increased interest in natural stone alternatives for commercial and residential applications.
- Premium imported marble, travertine, granite and limestone are widely specified by architects, designers and developers.

WHY SYDNEY BUILD IS THE IDEAL PLATFORM

- Connect directly with developers, architects, contractors, builders, distributors and fabricators.
- Showcase marble slabs, natural stone finishes, quarry products and processing technologies.
- Launch machinery, CNC equipment, cutting systems and fabrication solutions to the Australian market.
- Build partnerships with importers, distributors and stone processors across Australia and New Zealand.

SPECIAL INITIATIVE FOR ITALIAN COMPANIES

- Italian Stone & Marble Pavilion branding opportunity.
- Architect & Designer content stages.

Position members at the centre of Australia's growing demand for premium natural stone and advanced stone-processing technology. Sydney Build provides direct access to decision makers across the construction supply chain.
